

STANDING SEAM COLOR GUIDE

The Metal Shop LLC offers highly durable architectural coating for our Standing Seam Panel. We collaborate with Akzonobel (Paint Shades on top) and Beckry®Tech (Textured Shades below) that ensures the consistent colour, quality and durability essential to exterior displays.

- Due to its durability and aesthetic possibilities pre-coated metal is often the material of choice for developers and architects
- Extensive line of topcoats, primers, fillers, and specialty coatings
- Outstanding protection and appearance without compromising on safety and sustainability
- State-of-the-art, anti-corrosive coatings with same-day turnaround
- AkzoNobel's signature base coat/clear coat systems drastically reduce downtime without compromising on results
